Note:

- **Good till Date, Odd lot and Stop limit function** orders are not applicable for foreign share trading.
- Trading limit is calculated based on the total paid shares and cash in the account, and is denoted solely in USD.

Cash (All Foreign Currency)	1x Trading Multiple
Cash (RM)	1x Trading Multiple
Shares (Foreign paid shares' value) Only online orders are counted	1x Trading Multiple

Example 1:

Cash (Foreign Currency) : USD 1,000

Cash (Cash in RM denoted in USD) : USD 1,000

Value of Foreign Paid Shares : USD 1,000

Foreign Trading Limit = USD 1,000 + USD 1,000 + USD 1,000

= USD 3,000

Example 2:

Cash (Foreign Currency) : USD 1,000

Cash (Cash in RM denoted in USD) : USD 1,000

Value of Foreign Paid Shares : USD 1,000

Value of Foreign Shares Intraday sold : USD 500
